

CONDITIONS OF ACCEPTING ARTICLES FOR PUBLICATION

The editors of 'Municipal Finance' accept original articles of a length of 10,000–40,000 characters with a clearly marked title, a split into sub-chapters, a summary, footnotes, a brief note about the author and his e-mail address. Longer or shorter materials or materials that have already been published require separate consent from the editors. The article should include an **abstract in Polish** of a size of no longer than 500 characters, as well as **keywords**. Authors should also attach a **bibliography**, provide **information about the sources of funding** (e.g. from a grant), **the author's ORCID number** and, in the case of **co-authorship, the percentage contribution to the publication should be given**. The author may propose a translation of the article's title, keywords and an abstract into English. Footnotes should be prepared in the traditional manner – at the bottom of the page. We would ask that the materials with the author's details (position, address, telephone number) and possibly letter of reference are sent to the managing editor, klaudia.szawlowska@wolterskluwer.com. By sending the article to the editorial office, the author transfers the exclusive right of publication to the Publisher. The author is responsible for the correct application of the current legal status, case law and legal doctrine in his article. The editors reserve the right to shorten articles, change titles, headings and make substantive and stylistic corrections, including in the English version. We do not return materials that have not been ordered. The publication of the article is conditional on the signed contract being sent to the Publisher. Royalties are paid for articles published in 'Municipal Finance'.

Academic articles submitted to the Editorial Office are reviewed.
